

**FAITH  
COMMUNITY**

## Attention Seniors!

Do you want to work at a nationally recognized organization after you graduate? Are you looking to serve others and get solid work experience before grad school? ***We have the perfect opportunity for you!***

**SERVE:** You work 40 hours a week in a Covenant House shelter, helping homeless and at-risk youth get back on the right path while building your professional skills.

**LIVE:** You and 3-7 other volunteers are supported with housing, groceries, living stipends and more, all in a fun and vibrant neighborhood.

**PRAY:** Build your spirituality through communal prayer and reflection.

Faith Community is a program of service, community and prayer. But it is also a year of shared meals, laughs, professional development and self-discovery. We are now recruiting for August!
